APPLY AND

ACCELERATE YOUR

INTERNATIONAL

DEVELOPMENT!

Introduce yourself online:

your international ambition among the 6 targeted territories
your impact project, its innovation and its value proposition.

Find the eligibility criteria on our website.

Get ready for the Boostercamp

In July 4th-8th, in the regional digital campus in Charbonnières-les-Bains (close to Lyon).

Participate in a week of intensive training with workshops, mentoring sessions, speed-dating, meetings with experts and sharpen your value proposition

Rely on our Boosters (mentors, experts, judges ...) to succeed internationally

Well implanted in their ecosystems, with international experience and a global vision in their field of activity, they advise on many subjects such as the value proposition, international growth, strategy, business model, the art of pitching, finance, management. ..

They are also selected for their listening skills, their ability to encourage and inspire.

They also offer privileged connections thanks to their network.

For more information : <https://bigbooster.org/>

It is an international community of innovative startups, mentors, experts, and industrials federated around an international acceleration program.

The program is structured around a Boostercamp and personalized support in the targeted territories. It offers a framework of trust and qualified connections to innovative companies that aim to internationalize with an "impact" solution.

in one of the following 4 categories:

- Environment
- Energy
- Industry & digital
- Health

It is aimed exclusively at startups wishing to internationalize in at least one of these territories:

In Europe :

Auvergne-Rhône-Alpes, Baden-Württemberg, Catalonia, Lombardy

In North America :

Pennsylvania, Quebec

Since its creation, BigBooster has supported 320 startups in their international development.
