JUDGES

SEIZE THE OPPORTUNITY AND APPLY NOW !

Get involved before and/or during the Boostercamp

In the first half of May, judges will assess the potential for international growth of 4 to 8 startups, through an online vote and select the 50-70 startups that will be part of BigBooster Season 6.

At the end of the **Boostercamp** (July 4-8, in the regional digital campus in Charbonnières-les-Bains, close to Lyon) judges within the jury will choose the 15-20 startups that will participate in international matchmaking & growth

- Participate in a unique experience
- Bring your expertise in one or more of these subjects : business model, value proposition, marketing, customer relations, turnover, management, resource planning, operations, cost structure, fundraising
- Exchange with your peers and partners
- Develop your network and become one of BigBooster partners

For more information : <https://bigbooster.org/>

It is an international community of innovative startups, mentors, experts, and industrials federated around an international acceleration program. The program is structured around a Boostercamp and personalized support in the target territories. It offers a framework of trust and qualified connections to innovative companies that aim to internationalize with an "impact" solution. in one of the following 4 categories:

- Environment
- Energy
- Industry & digital
- Health

It is aimed exclusively at startups wishing to internationalize in at least one of these territories:

In Europe :

Auvergne-Rhône-Alpes, Baden-Württemberg, Catalonia, Lombardy

In North America :

Pennsylvania, Quebec

Since its creation, BigBooster has supported 320 startups in their international development
